

## Children's Ear, Nose & Throat Associates

Cheryl Cotter, M.D., James Kosko, M.D., Eric Jaryszak, M.D. Ph.D,  
Joshua Gottschall, M.D., Amy Arthur, Au.D., Brianne Loomis, Au.D.

**OUR PRACTICE:** At Children's Ear, Nose and Throat Associates, our mission is to provide the best care to infants, children and adolescents with conditions affecting the head and neck. CENTA is the only otolaryngology practice in Central Florida with four pediatric fellowship-trained physicians and two doctors of audiology exclusively dedicated to the care of children. **ABOUT THE DOCTORS:** Dr. James Kosko and Dr. Cheryl Cotter have practiced together in Orlando for 12 years. They have over 40 years of combined surgical experience with training from Johns Hopkins and Harvard Medical Schools. Dr. Kosko and Dr. Cotter have added Dr. Jaryszak and Dr. Gottschall to their practice and have expanded to a second office in Maitland. The physicians at CENTA are members of the American Society of Pediatric Otolaryngology, are board certified by the American Board of Otolaryngology and are fellows of the American College of Surgeons and American Academy of Pediatrics. **OUR SERVICES:** As part of their commitment to the children of Central Florida, CENTA has brought services never before available locally, including cochlear implantation and programming, microtia repair, bone-anchored hearing aids (BAHA), EarWell application and complex airway reconstruction. They have also been instrumental in the development of specialty clinics for voice and swallowing disorders, cleft lip and palate and craniofacial

disorders. As pediatric otolaryngologists, the physicians at CENTA treat such conditions as breathing disorders, ear infections, hearing loss, microtia and malformed ears, snoring, cleft lip and palate, sleep apnea, abnormal voice and speech, sinus infections, masses of the head and neck and many other ailments. Their offices provide a full range of audiology services including newborn hearing screening, hearing aid fitting and programming, cochlear implant service and programming, auditory processing disorder (APD) testing and advanced hearing testing.
