The Center for Reproductive Medicine (CRM)
Gary W. DeVane, MD; Randall A. Loy, MD; Sharon B. Jaffe, MD; Sejal Dharia Patel, MD; Frank C. Riggall, MD; Celso P. Silva, MD

OUR PRACTICE: The Center for Reproductive Medicine (CRM) has been providing patients with individualized fertility treatment options in Orlando and Central Florida since 1985. Combining more than one and one-half centuries of physician experience and state-of-the-art technologies, CRM has achieved some of the highest success rates in the Southeast. CRM is known for providing compassionate patient care, customized treatment plans, and affordable pricing options to give patients every possible chance of success to conceive.

OUR DOCTORS: CRM’s six reproductive endocrinologists and infertility specialists, Gary W. DeVane, MD, Randall A. Loy, MD, Sharon B. Jaffe, MD, Sejal Dharia Patel, MD, Frank C. Riggall, MD, and Celso P. Silva, MD, are locally and nationally recognized as leaders in the field of reproductive medicine.

WHAT SETS US APART: Whether helping to conceive Central Florida’s first IVF baby, performing robotic and minimally invasive reproductive surgeries or preserving fertility via elective egg and sperm freezing, CRM has always been on the leading edge of technology and is part of an elite category of infertility clinics that are equipped with onsite embryology, laboratory and surgical facilities, providing patients with the highest quality of fertility care and convenience. In addition, CRM is a founding partner in My Egg Bank (MyEggBank.com), the world’s most successful egg freezing program with hundreds of successful deliveries and many more patients currently pregnant. CRM physicians are also consistently recognized as Orlando Top Doctors and Best Doctors as well as named to the U.S. News & World Report list of Top U.S. Reproductive Endocrinologists.

SERVICES PROVIDED: If you are in need of the most sophisticated IVF technology available or less complex fertility therapies to help you conceive, CRM’s dedicated physicians and staff offer a full range of diagnostic and treatment services for both men and women. From ovulation induction, to the most advanced reproductive technologies (ART), such as in-vitro fertilization (IVF), intracytoplasmic sperm injection (ICSI), pre-implantation genetic diagnosis and screening (PGD and PGS), third party reproduction via egg donation, or fertility preservation, CRM will work together with you to provide a customized treatment plan based on your physical, emotional and financial needs.
