

Sand Lake Dental

Ziyad Maali, DMD

EDUCATION: Doctor of Medicine in Dentistry (DMD) from University of Florida College of Dentistry. **HONORS:** Awarded Appreciation in Volunteer Services from the Orange County Dental Research Clinic. **PROFESSIONAL MEMBERSHIPS:** American Dental Association, Florida Dental Association, Central Florida District Dental Association, Dental Society of Greater Orlando, Academy of General Dentistry, American Academy of Cosmetic Dentistry. **INNOVATIONS:** We incorporate new advances in dental technology and restorative materials as they become proven to be safe and effective. This includes digital 3D cone-beam x-rays and digital intraoral scanner. In addition, we also rely on a high standard of time-tested, proven techniques allow our staff to implement new ways to better treat our patients. **WHAT SETS US APART:** We believe that quality Dentistry will change people's lives. We don't treat our patients as a number but as individuals giving each patient the care that is tailored to their needs. We are proud to celebrate 15 years of service to our

patients this year! Our practice will continue to help our Dr. Phillips community smile this anniversary year, and many years to come. **CHARITABLE WORK:** Dr. Maali frequently volunteers cost-free dental treatment at the Orange County Dental Research Clinic, in addition to providing pro-bono dental services with Dental Lifeline Network. **BEST ADVICE:** Dentistry has improved with the patient's comfort in mind, so there is no reason to be afraid to get the treatment and care you need. You just need to take that first step!
