They are world class and I am thankful for their many talents and their patience with me. **INNOVATIONS:** Did I mention my incredible staff? Enthusiastic, bright, energetic, hard-working, kind and caring, they are always searching for better, faster, gentler ways to care for patients. **WHAT SETS US APART:** We try to go above and beyond the call of duty—every single time. CHARITABLE WORK: Last November, we were privileged to help out with the Windermere Rotary's Lobster & Laughter event, which benefited "Home for a Hero." We have so many talented and dedicated dental and medical professionals in this community, and I learn so much from them every day. Mostly I am grateful for each and every one of my patients who have shared their time and trust with me. Here's to your health!
