From our beautiful building filled with patients who love and support our practice to my incredible team who support my vision, I feel incredibly fortunate to be able to practice my life-long passion this way. **GREATEST PERSONAL ACHIEVEMENT:** When I was very young, my family and I migrated from Cuba to

the U.S. to start a new life. My father taught me that perseverance and working hard were important, and because of his influence I have been able to make my dreams a reality. **INNOVATIONS:** Ten years ago we built a beautiful dental office and created a unique patient experience. With extensive knowledge, artistry and the technology we have here in our office, we are able to transform patients' smiles, which in turn can be truly life changing. **WHAT SETS US APART:** The long-term relationships we build with our patients by listening to their concerns, and making sure they have the best dental treatment, results and experience they have ever had. **OFF-HOURS:** I love being on the water and boating. I also enjoy cooking, painting, traveling, concerts, and cheering on the Orlando Magic and the Boston Red Sox! **CHARITABLE WORK:** I am an AACD Give Back a Smile provider helping victims of domestic violence, and an Orlando Dental Research Clinic volunteer dentist helping people in our community.
