

## Fine Dentistry of Downtown Orlando

Dr. Aileen Trivedi

**SPECIALTY:** Comprehensive approach to dental care including cosmetic dentistry, Invisalign straightening, traditional and laser whitening, porcelain veneers, crowns, root canals, nonsurgical periodontal treatment and implants. **EDUCATION AND CERTIFICATIONS:** Bachelor's of Science in Microbiology/Immunology from University of Miami; Dental School at Boston University Goldman School of Dental Medicine; General Practice Residency with an emphasis on medically compromised patients and oral cancer survivors. **AWARDS/HONORS:** The prestigious Fellowship of the Academy of General Dentistry in 2009, and being voted Top Dentist so many years in a row. **PROFESSIONAL MEMBERSHIPS/AFFILIATIONS:** American Association of Cosmetic Dentistry, American Dental Association, Academy of General Dentistry Fellowship, The Pankey Institute, Dental Society of Greater Orlando, Invisalign Premier Provider, Florida Dental Association, International Association of Orthodontics. **GREATEST PERSONAL ACHIEVEMENT:** Being a working mom and balancing a rewarding, successful career and a happy home life. **GREATEST PROFESSIONAL ACHIEVEMENT:** Being recognized as the dentist who can help patients love their smiles and achieve oral health, even after years of avoiding dentists because of pain, embarrassment and anxiety caused by past traumatic dental experiences. **INNOVATIONS:** WE use the latest in dental technology, combined with old-fashioned family-friendly service. WE offer free Invisalign and cosmetic consultations, and second opinions. WE offer low-radiation digital radiographs, intraoral photography, needle-free anesthesia, and we are an amalgam-free practice. WE use the services of a lab technician who visits on-site and meets the patient for collaboration on cosmetic cases to re-create a truly natural smile. My staff and I are constantly updating our skills and technology. **WHAT SETS US APART:** Our team genuinely cares that every part of your dental experience is exceptional. Our

goal is to be the best of what dentistry has to offer, and from the feedback we receive on a daily basis, we are meeting our goal! **OFF-HOURS:** I have years of experience running marathons and have recently taken up swimming and cycling. My hobby since childhood, that ultimately brought me to dentistry, is my talent and passion for art, particularly three-dimensional art. I have recently been blessed with the birth of my first child and I enjoy seeing the world through her eyes. I have been happily married for 10 years this August, and my husband and I enjoy the outdoors, adventure sports, as well as running, and working out together. He is dentist and a lieutenant colonel in U.S. Army and has served two tours in Iraq during Operation Iraqi Freedom. **CHARITABLE WORK:** For the last 10 years I have been involved in Central Florida Dental Outreach, providing free care to the dentally underserved. I also have volunteered for the homeless shelter dental clinic, and have remained active in providing free care through several local outreach programs in our community. **FREE ADVICE:** Even if you have had bad dental experiences in the past, do not delay your visit to a dentist. Dentistry has come along way, with improvements that focus on patient comfort. **MY THANKS:** I want to reach out and thank my patients for making Fine Dentistry such a success and a great place to be. You have become a part of our family at Fine Dentistry, and referred your friends and family to us. We continue to grow and that is all thanks to you.
