

# SPOTLIGHT ON DENTISTS

SPECIAL ADVERTISING SECTION

## Mark F. Halek, DDS

**SPECIALTY/FOCUS:** Family dentistry, Esthetic treatment, and a gentle approach for patients who have not seen a dentist in many years and are experiencing anxiety. **EDUCATION AND CERTIFICATIONS:** SUNY at Buffalo School of Dental Medicine. **PROFESSIONAL MEMBERSHIPS/AFFILIATIONS:** ADA, FDA, Greater Orlando Dental Society. **GREATEST PERSONAL ACHIEVEMENT:** I had the honor of serving military personnel and their families as a U.S. Navy dentist. **INNOVATIONS:** Laser dentistry (often with no anesthesia), CEREC (one-visit veneers and crowns), spa dentistry. **WHAT SETS US APART:** We have a great team and the very best patients. I have been fortunate to watch families grow, seeing their children and grandchildren. I appreciate the confidence these patients show in me. We offer a spa setting using soft lighting, soft sounds and aroma touch therapy at no extra charge, and we personalize our treatment so that each person has a choice in the level of their comfort. **CHARITABLE CONTRIBUTIONS:** Dentistry from the Heart, Smile Train, animal rescue, Arnold Palmer Children's Hospital, Mustard Seed, Russell Home. **FREE ADVICE:** We should be thankful for where we are at this moment in our lives. Show gratitude by wearing a smile. Good health begins with our thinking, then taking care of our body, including our mouth...everything else follows.
