

Newman Plastic Surgery

Charles E. Newman, Jr., MD

SPECIALTY: Dr. Newman is trained in all facets of plastic surgery but specializes in cosmetic surgery for the body, breast and face. He also finds gratification in performing reconstructive surgery for skin and breast cancer patients. “The restoration of form and function is critical to patients, and it is very rewarding to be a part of this transformation.” **EDUCATION:** Graduated from Davidson College and received his medical degree from the University of South Florida. His residency and plastic surgery training was completed at Wake Forest University, and he is board certified by the American Board of Plastic Surgery. **PROFESSIONAL ASSOCIATIONS:** American Society of Plastic Surgeons, American Medical Association, Florida Society of Plastic Surgeons **PRACTICE PHILOSOPHY:** We combine established plastic surgery principles with modern advances to restore, rejuvenate, enhance, and refine. Each patient is unique and care is tailored to meet specific goals. A balanced and proportionate result is achieved on the foundation of compassionate care, patient comfort, open communication and patient safety. When all these elements are present, excellence will flourish. **SERVICES:** In addition to surgical services and cosmetic anti-aging injectable treatments, Newman Plastic Sur-

gery features spa services and skin care lines to accommodate all skin types and needs. **WHAT SETS HIM APART:** Dr. Newman works alongside his wife, board-certified physician assistant DZI Newman. The dynamic of the two is an asset to each patient’s experience. “Having her with me ensures every last detail is attended to. Many patients find additional comfort in her presence, both during the consultation and during surgery. In the operating room, we are able to perform multiple procedures safely and effectively.” The Newmans want every patient to feel respected and comfortable, and that attitude is reflected in each staff member and in every facet of care. **DURING OFF-HOURS:** Dr. Newman can be found working on his golf game or helping his wife chase after their four young children.
