

Full Sail University

Real-World Experiences for Students at Full Sail University

Full Sail University has always focused on providing students with an educational experience that mirrors the production environments found in the entertainment and media industry. And more than ever, its Central Florida campus has proven to be a hub of opportunity when it comes to students getting real time on real projects – whether it's working with sports organizations, musical artists, or major media companies.

Full Sail students helped with filming and production of a music video for R&B super group Boyz II Men.

Working Alongside ESPN

Full Sail's relationship with ESPN has resulted in a dedicated space on campus (the Full Sail University Sports Lab Powered by ESPN) as well as many exciting collaborations between ESPN production staff and Full Sail students.

The campus was home to shoots for the intro to the 2012 NBA Finals, the opening to College GameDay (featuring country mega-stars Big & Rich and Cowboy Troy), the intro to the Major League Soccer Playoffs, Bill Parcells' Draft Confidential (shot at the Sports Lab), and Major League Lacrosse (featuring the band Go Radio) – all of which featured production assistance from Full Sail students. A student team was on hand to assist in the filming of an opening sequence for ESPN's coverage of the EURO 2012 soccer championships, and students skilled in motion graphics helped to produce animation and visual effects for this year's Winter X-Games.

In October – for the first time – four Full Sail students made their way to ESPN's headquarters in Bristol, Connecticut, to take part in the first ever ESPN Bristol Initiative. The students toured the ESPN campus, observed meetings and behind-the-scenes activity, and participated in a case study challenge centering on developing a strategic plan for a new ESPN channel.

Graphics and More for the Orlando Magic

Speaking of sports, Full Sail's relationship with the Orlando Magic has led to some exciting exposure for students. Members of SPARK – Full Sail's student production agency – have been able to lend their talents to video and motion graphics projects for the team's in-game graphics and website.

WWE at Full Sail

Additionally, sports-entertainment powerhouse WWE has brought tapings of its NXT series to the Full Sail campus, creating a chance for students to build real-world experience in producing and promoting the shows. The events have featured WWE champions such as John Cena, Big Show, and Triple H. Proceeds from ticket costs go toward a scholarship fund for Full Sail students, and the first \$10,000 scholarship was awarded in September.

Opportunities with National Music Artists

Projects with major musical acts have provided learning experiences as well. R&B legends Boyz II Men recently shot a video for their song "One More Dance" on campus that utilized the talents of Full Sail grads, staff, and students. Singer-songwriter Christina Perri performed an intimate acoustic show at the Full Sail Live Venue, and students helped to construct a unique stage setting for her performance. And rapper Noreaga shot a portion of his video for the song "Lehhhgo" at Full Sail, which featured several Full Sail students working on set and behind-the-scenes.

Broadcasting The Daily Buzz

On an ongoing basis, the nationally syndicated morning show The Daily Buzz is broadcast from the Full Sail campus, providing internships and project opportunities for students, including set design, on-air graphics, and TV ads for the program.

Learn More about Full Sail University

Located in Winter Park, Florida, Full Sail University is an award-winning educational leader for those pursuing careers within the entertainment and media industry. Founded in 1979 as a recording workshop, the school has rapidly grown to offer associate's, bachelor's and master's degrees, both on-campus and online, that span a wide range of disciplines – from film and live event production, to video game design and computer animation, to entertainment business and music production. Learn more at fullsail.edu or call 800.226.7625. For more information, visit fullsail.edu

The intro to the Major League Soccer Playoffs – featuring British rock band The Chevin – was filmed on the Full Sail campus.

Barry University

Create Your Future.

Recognized as one of "America's Best Colleges" by Forbes magazine in 2012 for the second consecutive year, Barry University offers bachelor's, master's, and doctoral programs in Orlando. Programs are tailored to fit the needs of today's adult student. Most programs provide full- and part-time options, with courses in the evenings, Saturdays, and online. You will also find small class sizes, personal attention from experienced professors, and a supportive staff. Barry University is the second-largest private, Catholic university in the Southeast.

Professional Studies for Adult Learners

Barry University's School of Adult and Continuing Education (ACE) has a more than 35-year history of helping adult learners advance their careers. ACE offers bachelor's degrees in Administration, Behavioral Sciences, Emergency Management, Health Services Administration, Human Resources, Information Technology, Personal Financial Planning, Psychology, and Public Administration. Master's degrees are available in Administration and Public Administration.

Classes are offered throughout Central Florida at sites in East Orlando, South Orlando, Sanford, Leesburg, Cape Canaveral, and Melbourne. The bachelor's degree in Emergency Management and the master's degrees in Administration and Public Administration are also offered online. ACE is a military-friendly institution.

Graduate Programs in Health Care

Health care professionals can achieve their goals with Barry's College of Health Sciences. Barry offers the Master of Science in Health Services Administration and a dual degree in Public Health. The Master of Science in Anesthesiology prepares students to become Certified Registered Nurse Anesthetists (CRNA), and has had a 100 percent passing rate on the CRNA exam the last four years.

The Doctor of Nursing Practice (DNP) with a specialization in Anesthesiology is available online for CRNAs holding a master's degree or higher, while the research-focused PhD in Nursing positions master's-prepared registered nurses to become leaders and scholars in the field.

For more information on these and other programs, please visit www.barry.edu/OrlandoMagazine.

Barry University offers a variety of programs in Orlando, including anesthesiology, emergency management, and public administration.

Create YOUR FUTURE.

BARRY UNIVERSITY offers more than 100 bachelor's, master's, and doctoral programs at its main campus in Miami Shores • Recognized by Forbes magazine as one of America's Best Colleges two consecutive years • Classes also held throughout ORLANDO, offering degree programs for adult students in: Administration • Behavioral Sciences • Health Services Administration • Human Resources Specialization • Nursing • Personal Financial Planning • Psychology • Public Administration • Public Health

UCF Executive Development Center

...where education ignites opportunity

The UCF Executive Development Center (EDC) has been providing excellent executive education to the Central Florida community for over 20 years. Business leaders and managers representing organizations ranging from the largest Central Florida employers to new entrepreneurial ventures in various industries have chosen our programs to earn educational credentials, enhance their capabilities, and grow their professional networks. Superior customer service provided by the EDC and a highly personalized student experience are the distinguishing characteristics of the EDC's Executive and Professional Master's Programs.

The UCF Executive MBA, the EDC's flagship program, begins every August at the Center's state-of-the-art facility in Downtown Orlando. The 20-month leadership-focused curriculum includes a 10-day international residency where students gain a global perspective on business strategies.

The UCF Professional MBA (PMBA) program is offered twice a year at select locations in the region. In April 2013, the PMBA will begin at UCF's Valencia West Campus on Kirkman Road, and in September at UCF's Sanford/Lake Mary Campus. The program's 24-month evening schedule, applied curriculum, and valuable networking opportunities make it a popular choice for early-to-mid-career professionals.

The UCF Professional Master of Science in Real Estate is a 20-month evening program, featuring a unique curriculum that combines strategic business courses with advanced coursework in real estate. The next class will start in Downtown Orlando in September 2013.

The UCF Professional Master of Science in Management with a concentration in Human Resources provides an alternative to the MBA degree for students who desire specialization in human resource management. The next class of the 16-month evening program is scheduled to begin in Downtown Orlando in January 2014.

In addition to Master's Degree programs, the EDC offers a variety of Executive Education seminars that help individuals and organizations develop new business skills and capabilities. For more information about our upcoming programs, please visit our website at: www.UCFExecutiveEducation.com.

The Christ School

Thoughtful, Uncompromising, Engaging

The Christ School is an independent Christian school that provides a thoughtful and uncompromising curriculum engaging students in kindergarten through 8th grade in transformational learning.

We strive each day to accomplish our mission of partnering with families to provide an academically rigorous and Christ-centered K – 8 experience. Our students and graduates confidently pursue excellence in scholarship, service and leadership. By doing this, we can assure that our graduates will be

- Prepared to perform with distinction at the next academic level
- Equipped and motivated to be life-long learners
- Committed to being others-oriented
- Confident and articulate in communication
- Devoted to glorifying God

Located in the heart of downtown Orlando, our working parents find it easy to stay involved with a short walk to campus. We also offer a robust and popular After Care program led by an energetic staff with a small student to staff ratio.

If this connects with your family, we invite you to visit and see our students and teachers in action. Please call for a personal tour and ask for Nicole.

The First Academy

Definitively Christ-Centered, Distinctly College-Prep

The First Academy is a Christ-centered college-preparatory school serving over 1,150 Central Florida students attending K4 through 12th grade. Since its opening in 1987, TFA has continued to grow the academic, fine arts, and athletic programs that have elevated its students to the highest levels of achievement and helped develop strength of character that leads young men and women to serve others in their own community and across the globe.

Academically, The First Academy Lower School is a proud recipient of the Blue Ribbon Schools award from the U.S. Department of Education — one of only 13 Florida schools to have received the award in 2009. In the past two years, reading and math scores from all grade levels K-5 have elevated The First Academy to a ranking in the top 1% in the nation. Students at The First Academy also benefit from a comprehensive, technology-enriched curriculum that includes Advanced Placement and Honors courses, college dual enrollment and exceptional Fine Arts and Media programs.

Parents are pleased with The First Academy's low student-teacher ratio, percentage of faculty holding advanced degrees and that approximately 60% of fourth through seventh grade students qualify each year for the prestigious Duke University

[Academic] Talent Identification Program. The First Academy is proud that 100% of its graduates have been accepted into college, have accumulated almost \$25 million in scholarship offers over the last decade and have been accepted at nearly 200 colleges and universities, including Ivy League schools.

The campus expanded the Lower School to double its classroom space, renovated the library with thousands of new resources, added an all-new Upper School in 2009 and is home to the Payne Stewart Athletic Complex, a state-of-the-art facility that ranks as one of the best student athletic centers in Central Florida.

The First Academy is a K4-12, Christ-centered college preparatory school that emphasizes individual academic achievement, Christian character development and service to the community. The school meets or exceeds the stringent standards for curriculum and instruction, faculty, and facility which is demonstrated by its accreditation with the Florida Council of Independent Schools (FCIS), the Florida Kindergarten Council (FKC), the Southern Association of Independent Schools (SAIS), the Southern Association of Colleges and Schools (SACS), and the Association of Christian Schools International (ACSI).

The Geneva School

Celebrating 20 Years of Faith and Learning in Community

Faith and learning in community is a way of life at The Geneva School, a Christian classical school serving the Orlando community since 1993.

What do we mean by “Christian” and “classical”? Geneva is Christian in that we affirm an historic and biblical faith in God. Further, the Geneva community represents Christians from numerous denominations of Christ’s Church. This commitment to Christian faith and scholarship permeates all we do at Geneva with the goal of cultivating graduates of fervent faith, true wisdom, deep understanding, and winsome communication.

Geneva is classical in that we seek to revitalize the Liberal Arts approach to education that has been foundational in the Western world from antiquity. Geneva has emerged as a national proponent of this methodology of cross-disciplinary integration of subject matter, the use of original sources, Socratic dialogue, and faculty who have demonstrated mastery in their field. Thorough explorations of humanities, math, science, arts, and languages characterize our curriculum. Our academic integrity is undergirded by AP

and honors courses, writing specialists, and courses in logic, philosophy, aesthetics, and rhetoric. The senior Capstone thesis and oral defense allows students to be individually mentored by PhDs, in preparation for successful transitions to college.

The arts enjoy a vibrant place within the student culture. Choirs, several chamber orchestras, drama performances at every grade level, and the creative expression of the fine arts combine to help our students not only gain an appreciation for the good, the true, and the beautiful, but the opportunity to engage in these pursuits.

Geneva fields 17 varsity sports and competes in the Florida High School Athletic Association. It also supports a middle and lower school sports program. The Geneva community is diverse and the school’s generous tuition assistance helps to ensure it. Geneva is accredited by the Florida Council of Independent Schools, the Florida Kindergarten Council, and holds memberships in the Society for Classical Learning and the Association of Classical and Christian Schools.

Lake Highland Preparatory School

Cultivating Intellect and Character for 43 years

Lake Highland Preparatory School is a nationally renowned Pre-K through 12th grade co-educational independent school on a 42-acre lakefront campus in downtown Orlando. Our college preparatory curriculum includes 25 AP courses and four foreign languages. Rigorous academics are complemented by strong offerings in the arts, athletics and extracurricular activities to create an unsurpassed experience for our 1,982 students.

Lake Highland's facilities are extraordinary and feature characteristics most often found on college campuses. From the state-of-the-art performing arts center and athletic facilities to the classrooms equipped with the finest technology, LHPS offers students the resources necessary to learn and grow. The school's greatest asset is its teachers, who are dedicated professionals focused on providing inspirational teaching to develop the greatest potential of each student.

LHPS is home to nationally recognized scholars, athletes, scientists and artists. We are proud to share several recent accomplishments:

- Thirty-two members of the senior class qualified for the National Merit Scholarship program; eleven were named National Merit Semifinalists.

- Our students excel nationally in scientific research, earning top awards at county, state and national science competitions.
- Our athletic program features 57 teams competing in 21 sports. We finished second in the class 4A Sunshine Cup and were recognized as one of the top programs in Central Florida by the Orlando Sentinel Super Six.
- Our Debate team is nationally ranked in the top five.
- Our Lower School Academy Singers have performed at the White House ten times for Christmas.
- 61 faculty members have earned the 'Gifted Endorsement' teaching credential. Approximately 50% of our faculty hold advanced degrees.

Lake Highland is accredited by the Florida Council of Independent Schools, Southern Association of Colleges and Schools, Florida Kindergarten Council, and is a member of the National Association of Independent Schools.

We look forward to sharing more about our extraordinary school with you- please contact us!

Montverde Academy

Over One Hundred Years of Academic Excellence

Montverde Academy offers considerable advantages to parents and students seeking the highest quality education for entrance into the world's elite colleges and universities. At the heart of the Montverde Academy experience is an engaging and challenging academic environment that gives students the desire and skills to achieve at the highest levels. Outside of the classroom, students continue to develop their talents and abilities through involvement in fine arts, athletics, school clubs, and service organizations.

Montverde Academy is an international, coeducational, independent college preparatory school for grades PK3-12, with our boarding program serving grades 7-12, and post-graduate studies. Our mission is to inspire students to become knowledgeable leaders with global vision that instills a passion for learning, and that nurtures character development in a disciplined and diverse community. Five generations of Montverde Academy graduates have been guided by three fundamental

principles: Knowledge, Character and Community. These principles are illustrated in the classroom through Subject Area Concentration diplomas, as well as Advanced Placement and Honors courses. Seventy-six percent of our students pass the Advanced

Placement exams and 58% score a 4 or higher. Our students have a 100% college acceptance rate, including prestigious schools such as Harvard, Yale, MIT, and UC Berkeley.

Choosing the right independent school is a decision that should be made with ample information and deliberation. For these reasons, we encourage you to fully explore our website, and contact us with any and all questions.

We would be pleased to arrange an on-campus tour for you at your convenience. We are proud of the Academy's achievements, such as our 100% college acceptance rate and our 85% college of first choice rate. We would be glad to show you how Montverde Academy can help ensure your own child's success. We look forward to meeting you.

Experience the Montverde Difference

At Montverde Academy, we have been aspiring young minds for over a century with a balance of academics, fine arts, and athletics.

Orangewood Christian School

Inspired Learning. Transformed Lives.

The “Orangewood Christian School experience” is hard to describe in words. Once you walk the halls, visit the classrooms, and talk to the students, staff, and teachers, you will begin to appreciate the difference that an OCS education can make.

- Founded in 1980, Orangewood is a college preparatory school for grades K-12.
- Our two campuses are located in Maitland, FL; our facilities include state-of-the-art science labs, technology, athletic fields, a gym and a new fitness center.
- Current enrollment is of over 700 students. Teachers are certified in the state of Florida and over half the upper school teachers have advanced degrees.

Academics-

- One of the highest AP test pass rates in the country at 89% for the 2011-2012 school year.
- Offer a technology-infused curriculum; one-to-one “Bring Your Own Device” initiative.
- Curriculum includes college preparatory, honors, and advanced placement; providing opportunity for students to earn college credit before graduation.
- Welcomes qualified international students from around the world to our home-stay program.

Athletics-

Orangewood’s goal through athletics is that student athletes may develop the unique gifts and talents God has given them and that sports may give them more opportunities off the field and off the court to develop character and ultimately grow Christ’s kingdom.

- Award winning athletic programs that include; baseball, golf, basketball, cheerleading, cross country, football, soccer, swimming, tennis, lacrosse, volleyball.
- FHSAA Dodge Sunshine Cup All Sports Award 2003-2004, 2006-2007.

Fine Arts-

Orangewood’s vision for Fine Arts is to help students develop their creativity through a diverse range of art forms. As students “discover their voices” through their particular media, they experience a variety of opportunities to impact the world for Christ.

- Our Fine Arts department includes art, band, choir and drama.
- This program is locally, state and nationally recognized.

Park Maitland School

Growing Big-Hearted Leaders of Tomorrow

The 2012-2013 school year marks the 45th anniversary of Park Maitland School. The independent day school for children in Pre-K4 through Grade 6 is known in Central Florida and beyond for its challenging academics, its fine- and performing-arts and its cadre of enrichments that help to mold the whole child. Children who attend the school learn not only math and reading but, more than that, life skills, manners, important study habits and the meaning of giving. They learn to be leaders.

The school occupies a lushly landscaped campus in Maitland. The garden-like surroundings and charming buildings give children a sense of home, where they feel nurtured and supported. Distinctions include a departmentalized program, small teacher/student ratio and advanced curriculum materials. The academic program, in fact, is renowned and age-appropriate. The school was founded upon academic excellence, and that remains its cornerstone today.

Park Maitland is not ordinary. The theme of "leadership" is pervasive, and children as young as 4 learn the importance of being kind, setting a good example for peers and giving to others.

All students take part in service to the school, the community and the world. We even built a school in an extremely poor village in India. Service opportunities help students learn about giving to those in need and reaching out with friendship and kindness to others. It helps them grow "big hearts."

We feel proud every time one of our students greets someone with beautiful manners and conversation skills. We love it when our students, at all grade levels, lead our school in assemblies or announcements. We are enchanted when they display kindness and patience with older citizens as well as little ones. We are extremely pleased when they achieve academically. We "pop our buttons" when our students go on to excel in middle and high school, in their careers and in life.

**A legacy of leaders
for over 45 years.**

Since 1968, Park Maitland School has been growing the leaders of tomorrow. We offer a proven foundation of excellence in education and provide children the tools they need to realize their dreams!

The Parke House Academy

A loving environment achieves greater academic success for a foundation that lasts a lifetime.

The mission of The Parke House Academy is to provide an accelerated educational program that empowers each student to reach his or her highest social and academic potential. Our academic program begins with a developmentally appropriate curriculum for our preschool classes and continues with an enhanced curriculum through sixth grade.

Our curriculum is developed on research that supports how children learn best. We use an advanced academic program in language arts, and enhance the core curriculum with a balance of enrichment programs; including hands-on instruction in Spanish, Computers, Library, Music, Creative Art, Art History, Character Development, Etiquette, and Physical Education in our gymnasium. These practices result in outstanding academic success, and our standardized test scores rank among the top in the nation. Students work in a setting that is small, structured, and loving. Each classroom is cheerful and inviting; good manners and proper etiquette are required. The Parke House Academy administration and faculty believe in emphasizing acceptance of personal responsibility. Continual efforts are placed on developing and maintaining a healthy sense of positive self-worth. We are committed to challenging each student intellectually, physically and emotionally.

At The Parke House Academy, we are especially proud of our visual arts program. Students are exposed to a variety of genres including drawing, painting, printmaking, weaving and sculpture. The art studio is fully equipped with pottery wheels and a kiln. Art history and art appreciation are further emphasized in the Art History Youngs program, a monthly art and music presentation. Student artwork has been shown in local museums, art galleries and news features.

At The Parke House Academy, your child's safety is a crucial element to a successful and happy learning environment. Our campus is equipped with numerous cameras and monitoring systems. The doors remain locked at all times during the school day.

Research proves a solid academic foundation at a young age is vital to a child's success. We welcome you to our campus. We are dedicated to ensure that each child is given the best opportunities to learn and achieve, all in a loving environment.

WE LOVE OUR PARKE HOUSE FAMILIES!

St. Luke's Lutheran School

Believe in Opportunity

We believe in opportunity- the opportunity for every child to learn, grown and succeed. For over 65 years, we have been providing a top-notch learning environment in which students thrive.

We believe opportunities in academics, music, athletics, fine arts, and foreign language are integral, not optional. In the context of a safe environment, security inspires confidence and parent participation breeds success.

Academic opportunities surround our students at St. Luke's Lutheran School. The school consistently ranks in the top 5% nationally. The NLSA awarded St. Luke's "National Exemplary Status." One of only seven schools in the country to earn this distinction, St. Luke's is lifted as a model for schools around the country in academic excellence, spiritual development and parental involvement. Our certified and highly qualified teachers inspire learning in the students while developing the whole child in spirit, mind and body.

Band and orchestra opportunities include strings, brass and wood winds, harps, guitars, percussion and keyboards. Choir opportunities are available starting in preschool and continue through eighth grade. Our award winning music program prepares students to pursue their musical passions in high school and beyond.

St. Luke's interscholastic sports program compliments the total growth of participants while fostering sportsmanship, skill

development and physical fitness. Students in grades 5 through 8 have an opportunity to participate. Teams travel around the state to compete at a variety of levels.

We promote personal creativity by giving students the opportunity to explore renowned art and artists as well as cultures from around the world. Beyond art history and technique, our students experience painting, drawing, printmaking, clay modeling, and ceramics.

To be competitive in today's global market, mastery of foreign languages is vital. Students at St. Luke's begin learning Spanish in preschool and continue through Middle School. Many of our alumni have used these skills on the mission field and in business.

Our grace-filled atmosphere enables students to take risks, learn new skills, and experience success through trial and error. More importantly, it builds compassion for others. The students of St. Luke's consistently serve others through on-campus service projects, field trips that serve others, and generous donations to local and global causes.

Making the most of every opportunity at St. Luke's has produced top-tier test scores, state championship sports teams, and concert musicians. But most importantly, we strive to give every student the advantages and tools they will need to succeed in high school, college and beyond. Please call for a private tour at 407-365-3228.

ST. LUKE'S
LUTHERAN SCHOOL

AWARD WINNING
PRESCHOOL - 8TH GRADE

Trinity Lutheran School

Nurturing Christian Character • Promoting Academic Excellence

Established in 1953, Trinity Lutheran School is one of the oldest Christian schools in Central Florida. TLS is proud to be a Christ-centered educational ministry of Trinity Lutheran Church, located in downtown Orlando. We have long been recognized for our consistent history of academic excellence and ability to promote and encourage moral development while sharing God's Word. Trinity is a part of a system of over 1,000 elementary and middle schools in the United States operated by the Lutheran Church Missouri Synod with over 300,000 students enrolled in these schools.

At first glance, Trinity Lutheran School looks like many other private schools. However, our education goes well beyond! Students at Trinity are ahead of the learning curve. We offer a rigorous curriculum that prepares students for IB, AP, APEX and other magnet programs. Our students engage in a comprehensive music program that offers theory, choral and instrumentation. They are also involved in various enrichment programs that include Physical Education, Art, Foreign Language and Computers. This fall we are continuing to improve our academic offerings by implementing the first step in a three year educational technology plan. Our Middle School students will begin utilizing

two technology devices, a Chromebook and tablet, to enhance the daily curriculum while fostering creativity, innovation, critical thinking, communication and collaboration.

Our purpose, as a ministry of Trinity Lutheran Church, is to provide an education that focuses on developing the whole child as a disciple of our Savior, Jesus Christ. Our students are given the opportunity to grow in God's Word through spiritual, scholastic and social areas. God has provided TLS with an excellent team of dedicated and gifted teachers who understand and enjoy the children they teach. We invite you to come be a part of our Trinity family!

Trinity Preparatory School

Discover the Trinity Prep Difference

Long recognized as the preeminent college preparatory school in Central Florida, Trinity Preparatory School attracts high achieving students and has never compromised its commitment to a challenging curriculum, a low student/teacher ratio, a strong athletic program, and exceptional college guidance. Among all Central Florida schools, Trinity Prep typically has the highest percentage of its graduating class recognized as National Merit Scholars. SAT/ACT scores range well above national norms. Students are supported by master teachers who employ exciting classroom technology and the latest in learning research. Students are encouraged to unlock their true potential and to discover the rewards of contributing to their communities in meaningful ways. Consequently, our seniors have a wide range of college choices available to them.

Trinity Prep was established in 1966 as an independent coeducational college preparatory school serving students in grades 6-12. It is accredited by the Florida Council of Independent Schools (FCIS) and a member of the National Association of Independent Schools (NAIS), the National Association of Episcopal Schools (NAES), and the Florida High School Athletic Association (FHSAA).

Trinity Prep offers 53 athletic teams in fifteen different sports, and 71% or more of the student body participate. Trinity Prep athletes

benefit from the school's collegiate-style sports facilities on its 100-acre campus, that include an Olympic-size pool, a 28,000 square foot athletic center, the Dickinson Activity Center, softball and baseball diamonds with batting cages, football, soccer, and lacrosse fields, seven tennis courts, a running track and field event areas.

Trinity Prep's exceptional fine arts program is grounded in the belief that everyone has a fundamental and insatiable urge to create! More than 49 courses are offered for students to participate in instrumental music, strings, chorus, photography, art, theatre, and journalism. Our forensics team is nationally recognized. Visit trinityprep.org to discover the difference.

Windermere Preparatory School (WPS)

A Culture of Thinking

Windermere Preparatory School (WPS) is a private, pre-kindergarten through grade twelve International Baccalaureate college preparatory school located on a 48-acre lakeside campus in Windermere, Florida serving 1,150 students. WPS is accredited by SACS (Southern Association of College and Schools), FCIS (Florida Council of Independent Schools), SAIS (Southern Association of Independent Schools), and FKC (Florida Kindergarten Council). The school is also a member of the International Baccalaureate Organization.

The diverse WPS student body encompasses highly motivated and academically talented students. An award-winning faculty provides a challenging, yet nurturing environment that encourages WPS students to set and achieve extraordinary goals.

Windermere Prep students are prepared for success in college through a demanding integrated curriculum based on critical thinking that is articulated across all content areas. Each student is equipped with a Personal Learning Plan that provides motivation to expand his or her capabilities by targeting each student's unique strengths and areas of challenge at the appropriate level, and fosters critical thinking beyond the basic foundation of knowledge.

Windermere Prep is the only private school in Central Florida awarded status as an International Baccalaureate World School. IB is a world-class university preparation program widely recognized by college admissions offices.

In addition to exemplary academic programs, Windermere Prep is the proud home of Laker athletics. WPS middle and high school students can participate in any of the 44 Laker teams competing in Florida High School Athletic Association (FHSAA) programs. WPS has won several state championship titles.

To complement WPS academic and athletic programs, the school offers comprehensive programs in the fine and performing arts, intramural sports, clubs/honor societies, student government and after school activities.

WPS is a member of the Meritas global family of distinctive college preparatory schools. Meritas students and teachers are connected through video conferencing and joint events, projects, and classes and collaborate to offer a world-class education and promote the development of global scholars. Because of this relationship, WPS can offer students unique international learning experiences.
